

EVENT REPORT

Name of the Event	: One Day Hands on Training workshop on Regenerative Therapy for Nano drug Delivery Applications
Organized by	: AIC Raise
Date & Time	: 02.08.2025 & 10.00 AM- 5.00 PM
Venue	: AIC Raise
No of Students Participated	: 03

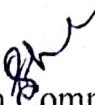

Three students of II B.Pharm IV Semester from **Rathinam College of Pharmacy** actively participated in a **One-Day Hands-on Training Workshop** on **“Regenerative Therapy for Nano Drug Delivery Applications”**, organized by **AIC Raise** on **02.08.2025**.

The workshop aimed to provide participants with practical knowledge and technical insights into the advanced applications of **nanotechnology in regenerative medicine and drug delivery systems**. The sessions included expert lectures, live demonstrations, and interactive discussions on cutting-edge technologies. The participating students gained valuable hands-on experience and exposure to innovative therapeutic strategies that are shaping the future of drug delivery systems in the pharmaceutical and biomedical fields.

The participation of Rathinam College of Pharmacy students in this training was both enriching and inspiring, reflecting the institution’s commitment to fostering experiential learning and professional development in emerging areas of pharmaceutical sciences.
