Organized by : Rathinam College of Pharmacy
Date & Time : 20.01.2026, 10.30-12.30 PM
Venue : Central Instrumentation Room
No of Staffs Participated : 20
No of Students Participated : 40

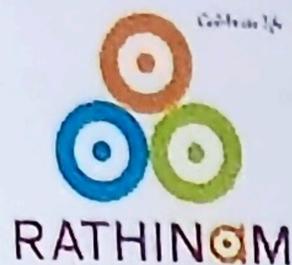

A Cancer Awareness Programme was successfully conducted by **Rathinam College of Pharmacy** on **20.01.2026**, from **10.30 AM to 12.30 PM** at the **Central Instrumentation Room**. The programme aimed to create awareness among students and staff about cancer prevention, early detection, and the importance of a healthy lifestyle.

The session was led by **Dr. Kannan Maharajan, MBBS, DNB (Radiation Oncology), CCEPC (Palliative Care), Consultant Radiation Oncologist, Rayal Care Hospitals**. He delivered an informative and insightful lecture on various types of cancer, their causes, early warning signs, and available treatment options. Special emphasis was given to the significance of early diagnosis, regular screening, and advances in radiation oncology and palliative care. A total of **20 staff members** and **40 students** actively participated in the programme. The programme was interactive and highly informative, motivating participants to adopt preventive measures and to contribute towards creating cancer awareness in society.

CANCER AWARENESS PROGRAMME

About the Programme

Cancer remains one of the leading causes of morbidity worldwide, yet many cancers are preventable and treatable when detected early. This Cancer Awareness Programme aims to educate students and the community about cancer prevention, early warning signs, lifestyle modifications, and the importance of regular screening.

Objectives

- To create awareness about common types of cancer
- To emphasize the importance of early diagnosis and screening
- To promote healthy lifestyle practices for cancer prevention
- To dispel myths and misconceptions related to cancer
- To empower individuals with knowledge and confidence

Program Highlights

- Importance of early detection
- Cancer prevention & lifestyle awareness
- Expert insights & interactive session
- Empowering knowledge for a healthier future
