

## EVENT REPORT

Name of the Event : Workshop  
Title of the Event : Two Day Hands on Workshop on Analytical instruments  
Organized by : Rathinam College of Pharmacy  
Date & Time : 20.02.2026 - 21.02.2026  
Venue : Central Instrumentation Room (Tower C)  
No of Staffs Participated :05  
No of Students Participated :36

A Two Day Hands on Workshop on Analytical Instruments was successfully conducted at the Central Instrumentation Room (Tower C) of Rathinam College of Pharmacy on 20th and 21st February 2026. The workshop aimed to provide practical exposure and in-depth knowledge of various analytical instruments used in pharmaceutical and research laboratories. Mr. B. Sanjeev delivered comprehensive sessions focusing on the working principles, operation, calibration, and maintenance of analytical instruments.

Participants gained hands-on training in handling sophisticated instruments, understanding analytical techniques, and interpreting results effectively. A total of 05 staff members and 36 students actively participated in the workshop. The program enhanced the technical competency of students and faculty members, bridging the gap between theoretical knowledge and practical application. The workshop concluded with an interactive discussion session, where participants clarified their doubts and received expert guidance on analytical research practices.

## COLLEGE OF PHARMACY

AFFILIATED TO THE TAMIL NADU Dr.M.G.R UNIVERSITY CHENNAI  
APPROVED BY PHARMACY COUNCIL OF INDIA (PCI),NEW DELHI

## Two-Day Hands-on Workshop on Analytical Instruments

20-21 February  
**2026**

Central Instrumentation  
Lab (Tower-C)

10:00 AM -  
04:00 PM

### Workshop Highlights

- Comprehensive coverage of analytical instrumentation techniques
- Hands-on practical sessions for each instrument
- Step-by-step guidance on operation, calibration, and troubleshooting
- Demonstration of real laboratory and pharmaceutical applications
- Interactive sessions with expert faculty and trainers
- Exposure to HPLC and UV-Visible Spectrophotometer techniques
- Discussion on quality control and regulatory relevance
- Certificate of Participation upon successful completion

### Why Attend?

- Gain practical exposure to essential analytical instruments
- Strengthen conceptual clarity with hands-on learning
- Enhance employability and industry readiness
- Learn real-time laboratory practices and troubleshooting
- Learn real-time laboratory practices and troubleshooting
- Learn real-time laboratory practices and troubleshooting
- Receive a Certificate of Participation useful for CV and accreditation requirements

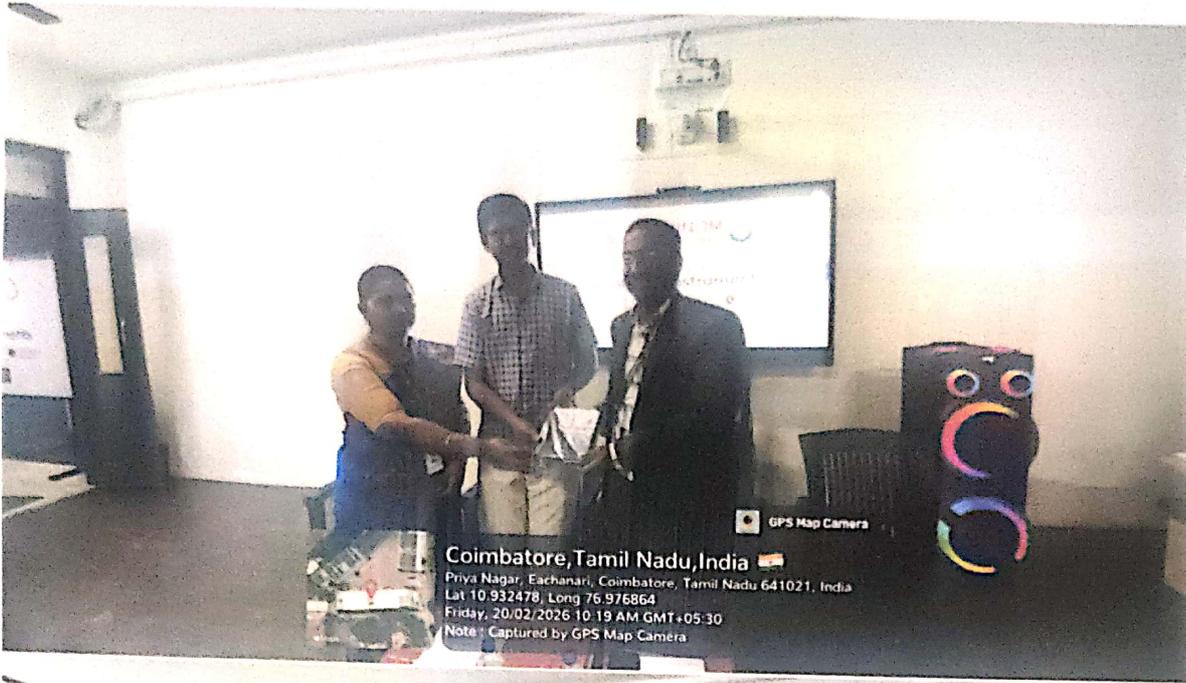

### Instruments to be Skilled on Workshop

- pH Meter (Digital-Calibration)
- Conductivity Meter
- Potentiometer
- Turbidity Meter / Nephelometer
- Flame Photometer
- Ion Exchanger
- Respirometer
- Digital Rotational Viscometer
- UV-Visible Spectrophotometer
- High Performance Liquid Chromatography (HPLC)

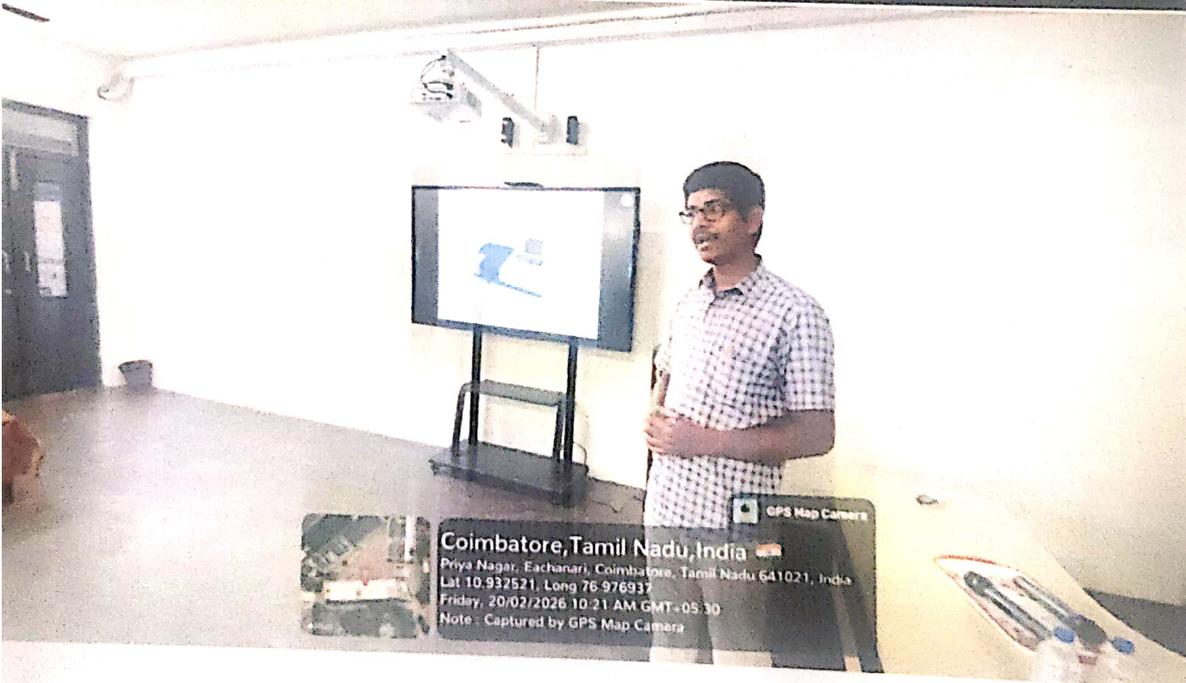

### Who Can Attend?

Pharmacy & Life Science Students, Research Scholars, Faculty Members, Laboratory Technicians, Industry Professionals seeking skill upgradation, Quality Control & Quality Assurance Aspirants.
