Rathinam College of Pharmacy successfully organized **Pharma Anveshan-2026** in celebration of *National Pharmacy Education Day* on 3rd and 4th March 2026. The two-day academic event was designed to highlight the evolving pharmaceutical ecosystem and strengthen collaboration between academia, industry, research, regulatory bodies, and pharmacy practice.

The program featured a series of specialized workshops and technical events conducted in the Pharmacy Laboratories to provide hands-on training and industry-oriented exposure to students.

Workshops Conducted

- 1. Contemporary Computational Applications and Tools in Drug Discovery**
Focused on modern computational approaches, molecular modeling, and in-silico drug design techniques.
- 2. Competency Focused Analytical Instrumentation**
Provided practical exposure to advanced analytical instruments and quality control techniques used in pharmaceutical industries.
- 3. Preformulation Strategies for Successful Drug Development**
Emphasized formulation development, drug stability studies, and optimization strategies in product development.

Technical Events

- **Virtual Models and Drug Dynamics: Simulation in Pharmacology**
Demonstrated simulation tools and virtual pharmacological modeling techniques.
- **Exploring Phytochemical Processes Through Chromatographic Techniques**
Highlighted analytical and chromatographic methods used in studying phytochemical reactions.

The event witnessed active participation from 12 faculty members and 170 students. *Pharma Anveshan-2026* served as a dynamic platform to enhance technical competency, research orientation, and industry readiness among budding pharmacists, aligning with the theme of building a collaborative and future-ready pharma ecosystem.

About Pharma Anveshan 2026

On the occasion of National Pharmacy Education Day, Rathinam College of Pharmacy proudly organized Pharma Anveshan 2026, a knowledge-driven academic celebration aimed at strengthening collaboration between academia, industry, research organizations, regulatory bodies, and professional practice. The event featured expert-led workshops and technical sessions designed to equip students with future-ready pharmaceutical competencies and practical exposure aligned with the evolving pharma ecosystem.

Workshops

1. Contemporary Computational Applications and Tools in Drug Discovery (3rd March 2026- FN)
2. Competency Focused Analytical Instrumentation (3rd March 2026 -AN)
3. Preformulation Strategies for Successful Drug Development (4th March 2026-FN)

Technical Sessions

1. Virtual Models and Drug Dynamics: Simulation in Pharmacology (3rd March 2026-FN)
2. Exploring Phytochemical Processes through Chromatographic Techniques (4th March 2026-FN)

Event Objectives

- Strengthening Academia-Industry-Research collaboration
- Promoting innovation and interdisciplinary synergy
- Enhancing regulatory awareness and professional excellence
- Encouraging research-based learning among pharmacy students
- Building a future-ready pharmaceutical workforce
